

SEND

Newsletter

TERM 3 2023

WELCOME

Welcome to the first Special Educational Needs and Disabilities (SEND) newsletter.

The purpose of this newsletter is to keep in touch with the families of our young people with SEND, to keep you informed of updates and to share information for further support.

We hope you will find the newsletter useful and we would be interested to hear ways for the school and families to work together going forwards.

LOCAL OFFER

<https://www.lincolnshire.gov.uk/send-local-offer>

The Local Offer brings together information for children and young people with special educational needs and disabilities and their families.

It includes advice about health, education and social care for:

- Children and young people from birth to 25 years old with SEND
- Parents and carers of children with SEND
- Providers of services for children and young people

SUPPORTING EMOTIONAL AWARENESS

The 5-point scale is a cognitive behavioural method of teaching that attempts to teach children how to recognise their own internal emotional states and then to practice successful responses to those emotions. It can be used to help teach a young person how to identify and label different levels of stress and anxiety.

The scale visually breaks down a person's responses to stress by labelling each level with what the behaviour looks like, what the level feels like, and what stress reduction exercise or routines can be used to reduce the stress level.

We use this scale with many pupils in school. They work with an adult to create their own and use it to help identify their 'level' of emotion and carry out self-regulation strategies to move them back down the scale. Blank copies and more information can be found on our NEW SEND padlet (see below)
